

PROVIDE LIFE-SAVING MEDICAL CARE

in El Salvador

The poor of the Chaletenango region in El Salvador are in desperate need of medical care. Our Diocesan clinic, the Monseñor Eduardo Alas Medical Clinic, offers high-quality, affordable care for patients who otherwise wouldn't have access to care. We believe that every person deserves basic, life-sustaining health care.

OUR GOAL:

Get monthly donors (\$10, \$25, \$50, \$100+) to partner with us in bringing life-saving medical care to the poor of El Salvador through consultations, treatments, medicines, and exams (ultrasounds, biopsies, endoscopies, etc.).

In the same spirit of the Good Samaritan in the Bible, we serve patients with the love of Jesus. We don't turn any patient away but we do ask them to pay whatever they can for our discounted services. We don't believe in handouts, but in dignity and empowerment.

That being said, we are raising funds to help cover the remaining costs of life-saving treatment and services for these patients. We need your help to pay the doctors for their care of those most in need.

Our Clinic sees and treats on average around 50 patients a day and we operate every day of the week except for Sundays.

Our Clinic's Specialized Offerings Include:

- General Medicine
- Gynecology
- Urology
- Pediatrics
- Orthopedics
- Otolaryngology (ENT)
- Nutrition
- Radiology
- Gastroenterology
- Psychology
- Neurology
- Dentistry

Thank you for helping us continue to live out the Gospel in caring for and serving the poor of El Salvador!

"Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me." (Matthew 25:40)
